## Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

## Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

## Storage of personal devices

Student will store mobile phones and personal devices in their school bags.

## If the student does not comply

In the case of non-compliance with the policy student mobile phones and personal devices will be confiscated. Confiscated mobile phones or personal devices will be secure in lockable drawers in the student's class. The mobile phone or personal device will be collected by the student at the end of the school day.

## Roles and responsibilities

### Principal

Enforce the policy and responses to instances of non-compliance.

Consider requests for exemptions from the policy from parents on a case-by-case basis. Make sure that approved exemptions are documented and that relevant staff are informed about students' exemptions.

Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible and respectful use of mobile phones to their children.

### School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment at times when a device is

being used by a student in line with an approved exemption or in circumstances where students' devices are stored in the classroom.

Respond to instances of non-compliance in line with the school's policy.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

### **Students**

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

### **Parents**
